## 21 Day East African Explorer

**Days 13 – 21**

**Serengeti Plains, Nairobi**

Back on the African mainland we travel back inland where, in clear weather, we may spot snow-capped Mt. Kilimanjaro, Africa's highest peak (5895m), as we drive towards Tanzania's safari capital, Arusha. Hold a snake - if you dare - in the Meserani Snake Park and make friends on a guided walk to the local village to learn something of Masai culture. From Arusha we depart in 4x4 vehicles for a 3-day game viewing safari in Tanzania's premier parks, experiencing close wildlife encounters in the deep basin of the Ngoronogoro Crater and the open plains of the Serengeti. We game drive through exciting scenery by day and camp out under the stars, listening to the sounds of Africa by night! We return to Arusha for a final day's drive across the border into Kenya and finish our tour in Nairobi.
